

Ponsse offers an extensive selection of B parts, an affordable alternative for forest machine maintenance. Budget Parts are your choice if you do not need a new part and would like to get the part at low cost. Budget Parts are selected particularly with the maintenance of slightly older or a backup machine in mind. By choosing a Budget Part, you can save in servicing costs while also considering the environment. The parts released for sale are carefully selected, after which they are priced. The price discount of budget parts is up to -25% - 60 % between of the price of a new original part.

Typical Budget Parts include: side panels, tyres, fuel and hydraulic oil containers, cabin upholsteries, windows, sun curtains, seats, engine coolers, crane and harvester head parts.

No warranty or return available for sale items!
